Abstract Submission

Abstract submission is open! Please submit your Abstract on-line under

<http://ecssc15.univie.ac.at/abstract-submission/>

Please consider that due to the structure of the conference program only a very limited number of oral presentations will be possible but there will be two extended poster sessions. The final decision will be made by the local organizing committee.

Program

Main topics of the conference will be

- Ionic and electronic transport in solids
- New methods of synthesis
- New methods of characterization
- Intermetallics
- Functional materials
- Solid state theory
- Collective magnetic phenomena
- Modern developments in chalcogenide research
- High pressure synthesis and *in situ* investigations

However, contributions from all fields of Solid State Chemistry are welcome.

The list of Plenary Speakers and Invited Speakers for the individual topics as well as the structure of the conference program can be found on our website under

<http://ecssc15.univie.ac.at/scientific-program/>
